Education
for all

About us

**It is a pleasure to introduce
The Class Of One to you.**

We are an online learning space creating future ready children in a world where geography is becoming history.

As an online-only school, we are determined to transform the traditional learning structures by committing ourselves to the needs of the children.

We aim to provide an education which not only supports academic excellence, but also provides encouragement, guidance, and creates a never ending love for learning.

Founded by industry experts with over 220 years of collective experience, The Class of One is a new age school for a world where boundaries are disappearing faster than ever, and where technology has changed the way we see everything.

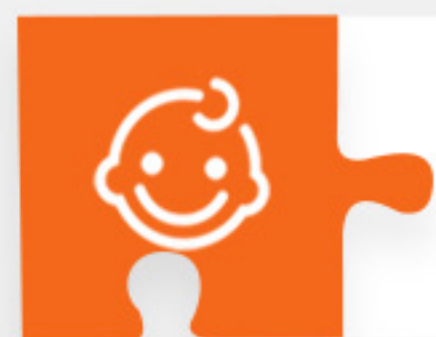

With this view of a holistic online education, we are creating life-long learners and future leaders.

Why choose us?

We understand that choosing a school for your child is one of the most crucial, life-changing decisions you will make. Here are a few reasons why we could be the right partner on your child's educational journey.

Individualized attention to every child

Seasoned educationists and professionals with extensive experience

Oxford International Programme

Based on the guideline of NEP (National Education Policies)

Interactive and flexible learning

Apart from the age-appropriate education, we also compliment your child's learning with skills critical for the 21st century – technological skills, problem-solving skills, creativity, communication, empathy, positivity, and much more. Because we know that a good school is one that goes beyond the limitations of a classroom.

Features

The Class Of One is dedicated to helping Parents find affordable schooling option that fits their child's education and career goals, through their TCO1-Edu For All program.

- ❶ A CSR initiative to demystify the cost of schooling and make learning affordable
- ❷ Well trained and qualified educators from PAN India who identify student's competencies and facilitates their growth
- ❸ Integrated Blended Learning
- ❹ Project-Based Learning
- ❺ The Class of One provides a secured platform with end-to-end encryption and data privacy for learning.
- ❻ Students / Parents can connect from anywhere by using their unique ID and Password.
- ❼ Personality development Sessions
- ❽ Quarterly Reports and analysis

Curriculum

The program aims at holistic development of the child :-

- Academic excellence through world class Curriculum with digital content access
- Collaborative, integrated projects of trans disciplinary nature as the base of the Curriculum
- Developing physical and mental toughness through yoga, aerobics and other fitness activities
- Personality development activities designed to enhance their confidence, english communication, public speaking skills and social skills thereby making them build healthier interactions in all aspects of life.

Beyond Curriculum

- Integrated ICT curriculum to develop multi-faceted 21st century technological skills to make them future ready
- Building character and collaborative nature
- Providing Academic Excellence alongside inculcating universal values, ethics and discipline.
- Creativity and personality development through various co-curricular activities during Daily Circle time through Social Emotional Learning and Peer Group Engagement.
- Activities designed to give them ample exposure to be confident and fluent in their English Communication Skills.
